

THORNTON, the Honourable Dr. Thornton

Minister of Education - Manitoba

June 1919

(081)

June 21st, 1919.

Hon. Dr. Thornton

Minister of Education

Winnipeg Man.

Dear Dr Thornton:

I shall be very glad to see you when you come East. My expectation is that I shall be in Toronto for most of the first fortnight of July. It seems to me that a conference of the Education Departments of the Provinces of the Dominion might result in very important developments for the education of the Dominion.

Yours very truly,

President.
